**2017 Rounds 1 and 2 Grants Awarded  
(as of 5/15/17)**

<b>Project</b>	<b>Description</b>	<b>Applicant</b>	<b>Amount Awarded</b>
	<b>RESEARCH</b>		
Children's Research Center of Michigan (CRCM)	To support the infrastructure of the CRCM and its transformative research to prevent, cure and treat childhood diseases.	University Pediatricians and Children's Hospital of Michigan	\$1,208,767
Kids Without Cancer Zebrafish Initiative	To create a laboratory to study childhood cancer, particularly acute leukemias, and significantly increase the capacity and scale of cancer research.	Wayne State University	\$146,790
Pediatric Cardiac Catheterization Collaborative	To establish a national and international collaborative at institutions performing cardiac catheterization procedures in children and adults born with congenital heart defects.	Wayne State University	\$118,116
Novel Hybrid Drugs for the Treatment of Acute Myeloid Leukemia (AML) and Neuroblastoma	To develop new synthetic dual-acting drugs to work synergistically against both AML and neuroblastoma cells.	Wayne State University	\$94,000
Risk and Resiliency in Syrian and Iraqi Child Refugees	Study of PTSD, anxiety, and depression in refugee children from Syria and Iraq.	Wayne State University	\$75,000
Home Monitoring Program for High-Risk Cardiac Infants	To develop a home monitoring program utilizing electronic and social media for infants with high-risk cardiac conditions.	Children's Hospital of Michigan	\$69,554
Pulmonary Hypertension in the Preterm Neonate	To identify genetic and epigenetic biomarkers for early diagnosis and novel therapeutic strategies for the prevention and treatment of pulmonary hypertension associated with bronchopulmonary dysplasia.	Wayne State University	\$60,962
Research Nurse	To support a research nurse in Neonatal-Perinatal medicine.	Wayne State University	\$60,000
Juvenile Myelomonocytic Leukemia (JMML) Research	To evaluate archival samples from children with JMML using modern genome investigative techniques.	Wayne State University	\$59,685
Evaluation of Body Water Status in Children with Hypertension	Study to quantify fluid retention and distribution in children with hypertension.	Wayne State University	\$52,000

**NEW GRANTS AWARDED IN ROUND 2 ARE BOLDED  
IN BLUE**

**2017 Rounds 1 and 2 Grants Awarded  
(as of 5/15/17)**

Targeting XPO1 and Bcl02 for the Treatment of Acute Myeloid Leukemia	Study to establish the molecular mechanisms underlying the synergy between ABT-199 and KPT-330 in targeting AML cells.	Wayne State University	\$50,829
Clinical Research Associate for Hematology-Oncology (Hem-Onc) Division	To support a CRA and send three Hem-Onc personnel to the Children's Oncology Group conference.	Wayne State University	\$50,000
Bone Marrow Failure Syndrome Research	To study bone marrow characteristics in bone marrow failure syndromes.	Wayne State University	\$48,955
Child Life Intervention with Asthmatics	To study the effect of child life intervention on pediatric high-risk asthmatics' adherence to medication and clinic visits.	Wayne State University	\$46,725
Childhood Obesity and Immune Response to Vaccinations	Study to determine the relationship between obesity and secondary immunodeficiency.	Wayne State University	\$25,160
Impact of Down Syndrome on the Outcome of Fontan Operation for a Functionally Univentricular Heart	To assess data from the Society of Thoracic Surgeons database and determine the impact of Down Syndrome on patients undergoing Fontan operation for a univentricular heart.	Wayne State University	\$12,000
Post-Operative Steroids Following Tonsillectomy	Controlled trial to determine if a course of oral steroids improves pain control in the post-op period and decreases the need for narcotic medication.	Children's Hospital of Michigan	\$10,400
Bladder Stimulation and Clean Catch Urine Collection in Infants	Study to determine the feasibility of utilizing a clean catch urine process in infants with urinary tract infections in a pediatric Emergency Room department.	Wayne State University	\$9,989
Phosphorus Binder Compliance Strategies for Children and Teens	To improve compliance and adherence to medications during hemodialysis.	Children's Hospital of Michigan	\$2,500
		<b>TOTAL RESEARCH AWARDED:</b>	<b>\$2,201,432</b>
<b>COMMUNITY BENEFIT</b>			
Kohl's Injury Prevention Program	To provide injury prevention education information and equipment and supplies for distribution to community members in need.	Children's Hospital of Michigan	\$195,772
CATCH Fund	To assist families who are experiencing financial hardship related to the special needs of their child(ren) treated by CHM.	Children's Hospital of Michigan	\$172,000

**NEW GRANTS AWARDED IN ROUND 2 ARE BOLDED
